

A cooperative exhibit of Sweet Bay and Beaufort Art Association

Experience the blending of two art forms. The beauty of floral design coupled with Beaufort Art Association's painters, photographers, and jewelers will be a treat beyond compare. For the next two months, October through November, the featured artist show at BAA will be "Gatherings."

Maggie Engstrom, owner of Sweet Bay, Beaufort Art's next door neighbor on Bay Street, has created eight award winning arrangements that will be displayed at BAA gallery. These arrangements were designed during the summer and artists were invited to pick up their paintbrushes or cameras and create their own works of art to complement each floral display. This will be a fun exhibit for all to experience.

The overall theme is GATHERING. Walking down Bay Street, pedestrians will immediately

1. The headdress is made of a large, ornate green and yellow feathered structure with multiple peacock feathers and a long, curved horn-like element on top.
